

INSTRUCTIONS FOR STICKER CHARTS

At the beginning of each section, there are now charts available for earning stickers for each age group.

The Preschool/Kindergarten section of the folder includes charts for attendance and bringing friends.

The 1st – 6th Grade section of the folder includes charts for each student for attendance, bringing friends, bringing their Bibles, and bringing their Scripture folders.

These charts have encouraged the children to attend faithfully, invite friends, and to be responsible to remember to bring their Bibles and Scripture folders. Additionally, we have noticed a significant increase in the number of guests attending our children's ministry.

(You may want to consider having the preschool/kindergarteners keep their Scripture folders at church. The older children may be allowed to bring them home so they can review verses during the week.)
