

## Special Quarter One Project

### Puzzle

Have each student create his/her own puzzle to help him/her memorize the First Article of the Apostles' Creed and its Meaning. As the quarter progresses, the puzzle will become larger and can be used for reviewing and learning each new segment of Meaning. When finished, the puzzle will have ten pieces—First Article and nine segments of Meaning.

Give each student a piece of tag board 9"x22" (the pieces will then fit in a legal size envelope). Have the student write the First Article at the top of the tag board. He/she can then draw whatever kind of line he/she wishes to make an edge to the first puzzle piece and cut it off along that line.

Each time a new segment of the meaning is introduced, have the student write that and make a new puzzle piece out of it.
